Founded in 2000 and based in Athens, Ohio, the Athens Photo Project (APP) is a vibrant community of artists dedicated to using photography as a tool for self-expression, personal growth, and social change within the journey of mental health recovery. Exhibited previously at the Southeast Ohio History Center, *Familiar Places* presents work from the artists who participated in APP's 2017-2018 photography classes. To learn how you can get involved in APP or to purchase artwork, visit athensphotoproject.org.

Fresh A.I.R. Gallery (Artists in Recovery) is a project of Southeast Healthcare Services. The Gallery's mission is to exhibit the work by individuals affected by mental illness and/or substance use disorders.
